If you are thinking of giving a friend a very special gift, we have a wonderful suggestion to make. The PIME (Pontificio Istituto Missioni Esteri) have just published a very beautiful and inspiring book entitled, *La Cina*. It is China as seen through the careful eye and heart of a most talented photographer, Leone Nani, missionary to China from 1904-1914. Captions for all photos are in Italian, English and Chinese.

The book is currently available from the Hong Kong Book Center, 25, Des Voeux Road, Central, Hong Kong. The price of HK \$298.00 is a wonderful buy. Drop in and have a look.
